Rosewood

It's a pet thing!

2014
Product Catalogue

A great big hello, woof, chirp, meow, squeak... to the brand new 2014 Rosewood product catalogue.

Welcome to the Rosewood 2014 catalogue containing thousands of great products for you, your stores and your customers. We have included over 300 lines we will launch in June 2014 and over 750 lines we have launched since our last catalogue in 2011. If that was not enough we will complete a brand overhaul which means over 2500 lines will carry our new look by Summer 2014. We will not be standing still and anticipate introducing another 100+ products in the Autumn.

Since 1960 we have grown our business on the back of listening to our customers, their customers and, if they could speak, their pets. As a result we deliver well packaged, well priced and innovative products to please all. We also make ordering easy via conventional methods but also through the "Marketplace" function on the Rosewood website. This is another way we have listened, improved our service levels and satisfied our ever growing number of customers around the world.

For more information on this, our company terms and conditions or just to catch up on "what's new" at Rosewood please visit our website www.rosewoodpet.com.

Enough said, sit back and take in all that our 60% bigger Rosewood 2014 catalogue has to offer. We will be in contact soon.

Rosewood Premium Product

BioSafe™ Germ Smart Dog Toys

BioCote Protected. A more hygienic toy for your pet and your family.

BioCote is an antimicrobial technology.

An antimicrobial is something that prevents the growth and survival of microbes including bacteria, mould and fungi.

BioCote technology protects surfaces from microbes resisting the potentially negative impact they can have on a product, resulting in a number of benefits.

BioCote technology will:

Make a product more hygienic, if it is likely to host microbes harmful to human health.

Keep a product fresher for longer, if it is likely to host odour-causing or staining microbes.

Extend the usable lifetime of a product, if it is likely to host microbes which might degrade the surface.

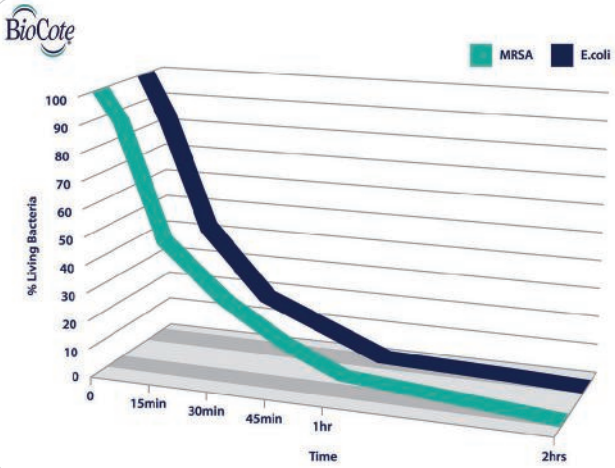
What does BioCote technology do?

BioCote technology provides long-lasting protection to a product by creating a surface upon which microbes cannot survive. It therefore reduces the level of microbes on a surface.

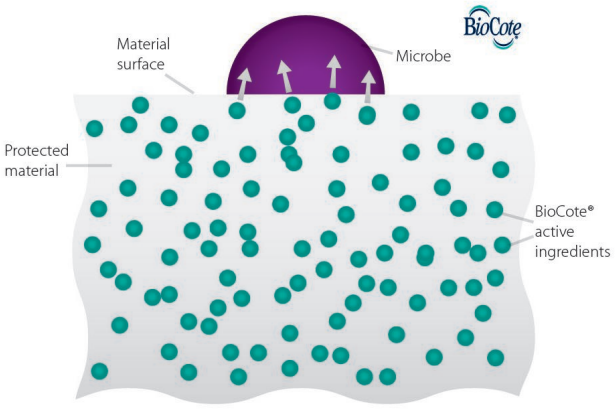
Lower levels of bacteria means improved hygiene, and reductions in staining, odours and premature degradation of materials.

BioCote technology:

- Is proven effective against a wide range of bacteria, fungi & the H1N1 virus
- Reduces microbes by up to 99.99%
- Significant reductions within 15 minutes
- Up to 99.5% reduction in just 2 hours
- Works continuously for the expected lifetime of the product



BioCote technology protects products by binding with microbes contaminating its surface. Microbes do not survive being exposed to BioCote® technology.



BioCote technology is an ideal way to maintain a more hygienic product surface between cleans.

It prevents the growth and survival of microbes by:

- Stopping cells from reproducing
- Damaging the cell wall
- Disrupting energy production and other cellular functions

BioCote
PROVEN ANTIMICROBIAL PROTECTION
APPROVED PARTNER

BioCote
PROVEN ANTIMICROBIAL PROTECTION
PROTECTED

This new development is all about a safer, fresher and more hygienic toy range for pet and owner.

Each component is treated with Biocote technology creating a unique, safer toy whilst providing lots of fun and promoting mental stimulation.

Biosafe Germ Smart Toys are tough and durable; the new range includes 10 toys all offering various, unique selling points to include interaction, tugging, mental stimulation, squeakers, no squeakers and treat toys, with much of the range also having dental benefits. Two toys can be put in the freezer for teething and summertime play. All products in the range will float adding a further dimension to play time!

Wallace & Gromit

Created by Nick Park, of Aardman Animations, Wallace and Gromit have become two of the most popular and well loved characters on UK television. Featured in four animated short films and a feature length film they appeal to audiences old and young making this the perfect license for a move to the pet market.

With a mixture of plush and latex toys there's something for every dog and consumer out there. Fun, impactful and informative packaging supports these products and reminds all consumers of their favourite characters and the Wallace and Gromit brand.

Jolly Doggy

Natural Toys

Cute country characters which are soft but strong, multi-textured and great for cuddling or playtime! The unbleached rope and quality plush materials used give these toys a premium feel and the neutral colour palette offers something different to other toys in the market.

The generic packaging helps to create uniformity yet is understated enough to ensure that each product is still the main focus.

Everlasting Treat Ball & Bento Ball

The Everlasting Groovy Ball and Everlasting Treat Wheeler both have exterior grooves which can be stuffed with treats or food, as well as an edible chicken flavoured treat which is supplied with each product.

The treat balls also contain an edible chicken flavoured treat and are made from a very tough material which is stronger than rubber, puncture resistant and great for powerful chewers. Both products help to reduce and alleviate anxiety and boredom behaviours and the Bento Ball has raised dimples to help clean teeth too! These treat balls can hold a variety of treats or kibble as well as the chicken flavoured treats which are supplied with each product and are available in refill packs.

Combs

A selection of combs to remove knots and tangles as well as combs specifically designed to tackle problems such as matting, fleas, nits, debris and ticks. Regular combing is recommended as it stimulates a coat's natural oils leading to a healthy, shiny coat.

Our de-matting comb is designed to remove matts with minimal loss of coat length. The blades are specially shaped for effective cutting and feature small teeth which collect loose hair.

Our tick remover is vital for easy and effective removal of ticks. It allows pet owners to ensure that any ticks are gripped securely and can therefore be carefully lifted away from the skin and disposed of.

Night-Bright LED Jacket

This innovative product combines a water resistant dog coat with LED lights to keep dogs safe in low light conditions as well as lighting the way for both dog and owner. The coat has a water resistant outer shell with a washable, removable inner fleece and warm fleece collar.

The range comprises a number of items including coats, harnesses and rain macs made from high visibility material to ensure dogs are easily visible when out on dark evening walks. There are also a number of flashing and high visibility collars available as well as collar lights and even a reflective arm band to keep owners safe and visible too! All collars have a D ring for leads, are easy to adjust and are available in three sizes. The flashing collars have three light modes which include both static and flashing cycles.

Rosewood

It's a dog thing!

From Walk-time to Training & Control

Small Dog Agility

The popularity of dog agility is growing and growing so why not create a new sub category with small dog agility? Our four pieces are made from soft but rigid foam board and can be assembled in a matter of seconds. They even come in their own bag for carrying and storage. Perfect for the home, garden or park!

Sized for most small to medium sized dogs, the height of the hurdle and the hoop can be adjusted to suit different sizes and abilities. Each piece in the range gives your customers a chance to try out dog agility at their own leisure and interact with their dog, strengthening the bond between dog and owner.

Agility

Our agility range is perfect for a family's own fun and enjoyment in the garden but equally as good to use for practice for those looking to join an agility team/club. The kits are lightweight, for safety, and are quick and easy to assemble. All, except the Flyball, come with a carry bag and the Hurdle and Hoop Jump are adjustable for different sizes and abilities. The packaging also details how to use the equipment with additional training tips so owners and pets get the most from each piece. Why not persuade your customers to try one product first to help build confidence, then, if desired, add more pieces to create their very own agility course?

Collars, Leads & Harnesses

The Halti range makes training dogs and behaviour modification, when walking, both practical and safe. Halti Headcollars stop dogs from pulling by gently steering the head and therefore controlling the dog's direction of movement, making training easy and putting the owner back in control. Each headcollar combines maximum steering efficiency with unparalleled comfort. Halti Harnesses apply the same principle as the Halti Headcollar but by steering the dog from his chest rather than by his head, without putting any painful pressure on the body.

The Non-Pull Harness is an instant solution for dogs that pull when walked. The elastic webbing and mesh covering the dog's chest allows freedom of movement and the padded Sherpa sleeves provide additional comfort while still keeping the owner in control. The Lupi Harness is also designed to stop pulling with the simple figure-of-eight design which converts forward motion into an upward lift encouraging the dog to stop pulling.

The Clix CarSafe Harness provides maximum safety, comfort & protection for dogs in the car and whilst walking. Soft neoprene padding covers all points of contact, with particular focus on the central chest protector.

Nina Ottosson Toys

These games help to exercise a dog's mind and body, help prevent weight problems and behaviour problems.

The Nina Ottosson Treat Maze is a brightly coloured, fun, interactive treat dispenser for dogs and cats of all ages and sizes. Treats are placed inside the toy and then pass through the complex inner maze. Pets will then have great fun trying to get these through the maze and out of the holes on either side.

Coachies

Coachies Training Treats are oven baked to lock in nutrition and flavour and with no artificial colours, flavours or added sugars they provide owners with a healthy aid to help train dogs and puppies.

These tasty miniature motivators are perfect for use in reward based training.

The Coachies Lick Treat is a lickable version of the well known and loved Coachies Training Treats which has been a favourite among dog owners for over 10 years. When licked, the rollerball releases the 100% natural flavour of either Chicken or Bacon for a delicious low calorie treat. The Coachies Lick Treat is ideal for use in reward based training. They are perfect for training dogs to walk to heel, comfortable to hold for dog owners and with 500 licks per bottle they are great value for money.

Rosewood Premium Product

Dog Coats

Just like us dogs like to keep warm and dry when out walking so our three coats are designed to have function as well as form by being water resistant as well as looking stylish too. Included in the range is a classic black coat, a green quilted coat and a red & black version which protects the chest and has reflective piping too. All three designs have a soft, fleecy inner and Velcro straps for quick and easy adjustment.

Made from micro fibre material the Climate Control Coat absorbs water after wet walks and bath time and keeps your dog warm and dry in winter and cool in summer. (For summer use the coat should be dampened in cold water before placing on a dog).

A Classic Water Resistant/Fleece

Cooling Accesssories

The Chillax Cool Pad is designed to keep pets cool and comfortable. Activated by the weight of a dog this pad will maintain a temperature slightly lower than the ambient for up to three to four hours of constant use. It automatically recharges itself as the pet moves.

This pad is ideal for beds, crates and travel.

The cooling bowl is perfect for keeping water fresh and cool on hot summer days. Instructions for use can be found on the packaging.

Soft Protection

Car Travel Harness

For dog owners who frequently take dogs in the car, whether on long or short journeys, a car travel harness is vital. By attaching the harness to a seatbelt dogs are kept secure and are therefore less of a distraction to owners whilst travelling. Furthermore safe restraint leads to a reduced risk of injury in an accident or when braking heavily.

Each harness is made from strong padded nylon for comfort, is easily fitted and adjusted and is available in a range of sizes and two colours.

For retailers the space efficient packaging is also a bonus; the product is boxed to create a standard shape and size for easy merchandising yet is still easily recognisable inside the cut-out heart area on the front on the packaging.

Stoneware Dishes/ Placemats

This range of dishwasher proof stoneware bowls and polypropylene wipe clean placemats have been designed with both traditional pet and fashion lifestyle themes in mind. The range includes bowls of all sizes, catering for all breeds of dog, and smaller, shallower bowls for cats and small animals. Each bowl is barcoded, bubble wrapped and individually boxed to avoid any breakages.

Stainless Steel Bowls

A full, comprehensive range of stainless steel bowls available in a variety of shapes and sizes which include; non slip, deluxe, heavyweight, shallow, puppy, hamster dishes, wire double and adjustable double diners.

In addition to these we now offer two coloured stainless steel bowls (choose from brown and/or beige) for those customers who would like something less traditional and more in-keeping with the lifestyle colours in their home.

All bowls are bar-coded and the double diners are in full colour packaging.
All products are dishwasher safe.

Nuvola Plastic Bowls & Dispensers

Our dishes and dispensers bring style to your pet's dinner table/floor! They are made from a thick, high quality plastic with an attractive matt exterior and hygienic and easy to clean gloss interior.

Non-slip rubber feet and stylish flared corners give the dishes and dispensers added stability and each size is supplied in packs of four popular and contemporary colours. Each dispenser has a reversible, translucent hopper which works with water one way and dried food the other.

The tray sets are ideal for messy pups and cats with easy to clean and removable 300ml bowls.

40 Winks

Quilted Mattresses & Pillows

Each of our Sonny bed colours deserves an equally stylish and complementary mattress, so we've created a range which is also perfectly sized for each of our five sizes of bed.

We've used three different fabrics with each available in two different, reversible colour combinations. So for any size of bed you can offer your customers twelve different colours of mattress with just three sku's!

Each of the contemporary, 'home décor' colours have been selected to co-ordinate with most, if not all, of our six plastic colours. All mattresses are generously filled and can also be used on their own or with other brands of plastic bed.

For added appeal and sales our unique pillows are a great 'finishing touch' and offer pets additional comfort when fitted to the 50, 65 and 80 Sonny beds. They are easy to fit (in various locations) and whilst the pillows are not reversible your customers can mix and match with the mattresses to contrast or co-ordinate to their own tastes.

Pet Stuff Clipstrip

Pet stuff is a range of key volume, essential pet accessories.

The range comprises twelve functional products covering feeding, training and home and all products are supplied on headed clip strips for impactful adjacent merchandising at retail level. This means these products can be placed exactly where a consumer expects to find them (e.g. can covers with dog food).

This type of merchandising is important as it drives impulse purchases which can account for up to 20% of basket spend. Why not add some to your store to see for yourself?

Tropiclean

Shampoo

Tropiclean shampoos use naturally mild cleansers to prevent skin dryness and irritation and natural colloidal oatmeal to soften and calm the skin. Products do not include artificial thickeners meaning a faster rinse after shampooing and no remaining residue. All shampoos also have a comforting aroma which is pleasant for both owner and pet.

Dental

Tropiclean is the global brand leader in pet shampoos and dental products with veterinarian approval and clinical trials available to back up claims. The range offers pet owners a selection of quality products which are consumer/pet proven and most crucially for retailers it contains super premium products which help to increase competitive store sales and encourage repeat purchases.

Traditional methods of oral care are often difficult and ineffective but by switching to Tropiclean products, preventing oral disease will be a breath of fresh air! These products really deliver and provide a 100% solution to a problem without brushing!! For those consumers who still prefer the conventional way of taking care of their pet's teeth and gums the oral care kit, which includes a toothbrush, is ideal.

From Dog to Cat

Wolf & Tiger

The new cat activity products in the Wolf & Tiger range have been created to encourage hours of fun. Each item has multiple features offering different combinations of rest and play.

The scratching post and activity tower have cardboard scratchers that can be adjusted to offer different shaped surfaces for your cat to scratch, in addition a range of four different refill packs are available offering fun new textures to explore.

To encourage the use of the scratchers a 10ml bottle of high quality natural catnip spray is included. All items come with toys, all natural loofah flowers with high quality catnip centres for the activity tower and a feather teaser for the scratching post that can be used for playtime with your cat or fitted to the scratcher.

All of the products in the Wolf & Tiger range are styled to complement the modern household. They are constructed in the main from bamboo fibre mouldings and cardboard, all materials that are biodegradable making the Wolf & Tiger range a smart choice.

The bowls and bed are suitable for both cats and small dogs. The eco bed design has broad edges for resting heads and limbs, a ventilated base and non slip feet. The luxurious cushion is covered in soft micro-suede and is reversible offering a choice of colour.

Each of the bowls have contemporary styling, can be used for food and water and are easy to clean.

Silvervine Cat Toys

Fun cat toys which contain silvervine, a natural attractant known to induce a very playful reaction in cats; it's even better than catnip!

Silvervine is a non-toxic plant which is grown in mountainous areas of Japan. It is known to give cats a similar euphoric response to catnip, honeysuckle and valerian but is typically more intense and lasts for approximately five to twenty minutes.

The range includes teasers for interactive play as well as a number of other toys which are perfect for encouraging healthy exercise and play. All toys are made from plush fur which appeals to feline hunting instincts.

Nuvola Plastic Bowls & Dispensers

Our dishes and dispensers bring style to your pet's dinner table/floor! They are made from a thick, high quality plastic with an attractive matt exterior and hygienic and easy to clean gloss interior.

Non-slip rubber feet and stylish flared corners give the dishes and dispensers added stability and each size is supplied in packs of four popular and contemporary colours. Each dispenser has a reversible, translucent hopper which works with water one way and dried food the other.

The tray sets are ideal for messy pups and cats with easy to clean and removable 300ml bowls.

Plastic Toilets/ Trays/ Scoops

Our hooded trays offer a more discreet and desirable alternative to standard trays for both pet and owner! They both come with extra deep bottoms, replaceable carbon filters and are supplied nested as sets, ready for sale.

The Ariel is supplied with a scoop and has the added benefit of being a front-opening design which means pet owners can remove solid waste and patches of soiled litter quickly and easily each day without having to remove the hood.

The Romeos are available in assorted cartons of red, purple and green and both designs are also available in convenient and space-saving display shippers.

Just as with the hooded toilets both our Birba litter trays are made from high quailty plastic with a hygienic and easy to clean gloss finish. They are also supplied with non-slip feet and are offered in assorted packs of four popular colours.

The Shaker scoops are ideal for modern litters as they reduce the unnecessary disposal of 'clean' litter and make an unpleasant job a little less unpleasant!

Automatic Feeders

The C10, C20 and C50 feeders are ideal for feeding cats wet or dry food for short periods whilst owners are away. Food is kept fresh in easy-clean compartments which are sealed with a closely fitting lid.

The C3000 feeder is an automated feeder which holds up to 3kg of dry food. As well as feeding cats when owners are away it's also ideal for dispensing set portions to pets which need to have strict portion control to prevent weight gain for example. This feeder now also features a new anti-tamper nozzle design.

Naturals

Toys & Beds

A unique range of toys and beds, ideal for the smallest mouse up to the largest rabbit, which are free of any glue, wire or staples and branded to appeal to your already loyal 'Naturals' treat customers. Using 100% natural materials including water hyacinth, seagrass and rattan all these products are safe and fun to chew and will even stand up to getting wet when left outdoors.

Perfect for dual merchandising with our treats and adding to your livestock displays to get your tills ringing.

Activity Tents, Tunnels & Play Balls

Our Pop-Up tents and tunnels are unique as pet owners can join two or more tunnels together and join a tunnel to a tent with their integral Velcro tabs. Both products are ideal for indoor or out and provide pets with shelter from rain or sun. The tents, which come with a removable mattress and run ties, are sized 31cm square for the medium and 36cm for the large, while both tunnels are 90cm long. The polyester fabric is wipe-clean and comes in two popular colours.

For hamsters we have a 28cm long crinkle tunnel, which is also ideal for rats, and a high quality, shatter resistant ball which is nested and can merchandise on-shelf or hanging.

From Accessories to Treats

Naturals

Treats

Our Naturals brand has always been driven by our desire to deliver your customers and their pets a better quality treat made from 100% natural ingredients for better health and wellbeing. We've also looked to bring real innovation to the market and make pet enrichment a key factor when creating new products. Many of our treats offer a real feeding challenge to stimulate pets and reduce boredom. Our 'Grainless' treats, below, are one such innovation.

Our herbal/salad mixes are amongst our most popular treats. Many have copied us but no one can match our quality and range of ingredients let alone our value for money (just compare our pack weights and percentages of key ingredients with 'alternatives'!). These treats are ideal for rabbits, guinea pigs, chinchillas and degus and are healthy enough for daily feeding: indeed the unique flavonoids; plus being naturally rich in vitamins, minerals and fibre, mean these treats can be really beneficial to a pet's health.

A	**Herbs Plus**

One key benefit of our range is that where possible most of the treats can be offered to a wide variety of small animals, so rather than having to fill your shelves with duplicates of 'different' but essentially the same sticks you can offer your customers some real choice and innovation. For example our three sticks below are equally good for hamsters and mice as they are for rabbits and guinea pigs.

A	**Strawberry Sticks**		
	120g	8pk	19401
B	**Carrot & Fennel Sticks**		
	120g	8pk	19402

Market Research and customer feedback tells us that more and more pet owners are looking for treats that really last and make their pet work for their reward. So rather than offering simple variations on the usual sticks and extruded treats in numerous brands with Naturals you have the potential to offer a wider variety of treats to your customers encouraging multiple purchases and more money in your till! All the treats below are great examples of this.

A Nibble Woodroll - Carrot
10pk 19417

B Double Woodroll

Small Animal Homes - Abode

Our Abode for dwarf hamsters and mice is a high quality, plastic home with narrow, powder-coated bars in the roof for ventilation making it completely escape proof and even suitable as a breeding cage. It's stylishly appointed with a solid exercise wheel, food dish, sleeping area (which could also be used for sand baths) and our easy to use 'drop in' water bottle. The smooth, solid base is deep enough for an extra deep layer of litter for burrowing.

In addition to our 'classic' blue and orange we have two new colours: a stunning silver with translucent blue accessories and a hot, 80's inspired (and now back on trend) vision in pink, green and orange.

All three are presented in eye-catching and informative full colour boxes.

A	**Abode - Stunning Silver**		
	55 x 39 x 26.5cm	2pk	19190
B	**Abode - Hot Pink**		
	55 x 39 x 26.5cm	2pk	19191
C	**Abode - Blue & Orange**		
	55 x 39 x 26.5cm	2pk	19174

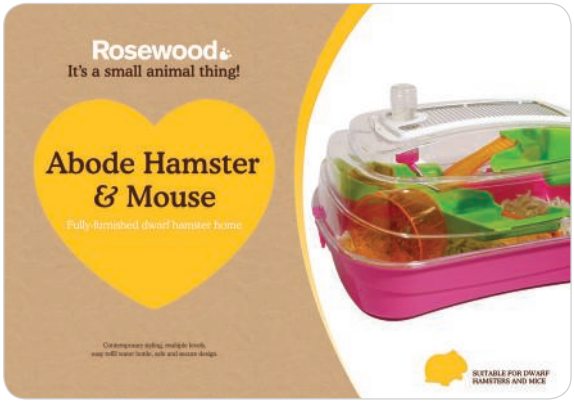
B



C

Small Animal Homes - Abode Gerbilarium

The gerbil version of our Abode has all the features and benefits of the dwarf hamster Abode, minus the wheel, but with a much deeper base, chew-proof metal ladders and an all metal wire roof hatch.

Gerbils love to dig and burrow tunnels and our clear base is fantastic for filling with litter to allow them to fulfil this need. The smooth curves of the design don't just look stylish - they also make the home as gnaw proof as possible.

When it comes to cleaning the cage it's really easy as the top holds all the mezzanines and accessories so everything is held in one place when you remove it to clean the base. This larger home is also ideal for dwarf hamsters and mice, but not Syrian hamsters. The contemporary solid and translucent colours make the home appealing to all sexes and ages.

D Abode - Gerbilarium
55 x 39 x 42cm 1pk 19175

Rosewood Premium Product

Small Animal Homes - Pico

Fun and funky for both pet and owner: the Picos not only look great but are also packed full of extra levels, ladders, a tunnel, wheel and even a unique loft hide with easy (but secure) access. These high quality homes also have a 'drop in' water bottle, food dish and a deep base to help ensure litter stays in the pet's home. The 8.5mm bar spacing means that the homes are suitable for mice and dwarf hamsters from 6-8 weeks of age as well as Syrians.

As with the Abodes the Picos also have all accessories and parts built in to the top making cleaning the base really easy.

As well as updated and informative packaging we've enlarged and added more ventilation to the loft hide and introduced a new, stylish and contemporary colour - Translucent Teal.

A	**Pico - Translucent Teal**		
	50 x 36 x 29cm	2pk	19192
B	**Pico - Silver & Green**		
	50 x 36 x 29cm	2pk	19172

C

A

Small Animal Homes - Pico XL

More and more pet owners are looking for bigger and better homes for their hamsters, so our Pico XL is ideal being 50% larger than the standard Pico. We've achieved this in the most practical manner for most consumers by making the homes taller and adding extra ladders and levels to create an even more exciting and feature packed home.

The XL's have all the same features as the standard, but with a knock-down design they pack down and take even less storage and shelf space in store. The knock-down design doesn't comprise on quality either: we don't use chewable, plastic clips to connect the panels and the gaps at the corners are even narrower than on the main bars, so the XL is still suitable for mice and dwarf hamsters over 6-8 weeks of age.

A	**Pico XL - Translucent Teal**		
	50 x 36 x 47cm	2pk	19178
B	**Pico XL - Silver & Green**		
	50 x 36 x 47cm	2pk	19176
C	**Pico XL - Pink & Purple**		
	50 x 36 x 47cm	2pk	19177

B

C

Small Animal Homes - Eco Pico

The Eco Pico is a major innovation in hamster homes: not only does it look unique, it is unique, as we've replaced over 99% of what would normally be made from fossil fuel based plastics with a very special material made from bamboo fibre. Bamboo is a fast growing and sustainable resource and the final material is biodegradable after its useful life, hence Eco. Better still, from a practical and quality point of view, the bamboo resin we use is also much thicker and offers greatly superior resistance to gnawing than traditional plastic materials – a real selling point to most pet owners.

As well as providing pets with multiple levels to explore this home also has an extra deep base which makes pets feel more secure and helps keep their litter in their home. It also comes with a solid wheel, food dish and glass 'drop in' water bottle. The two mezzanines are then connected by flexible, real wood bridges and ramps accentuating the 'natural' feel. The Eco Pico has 4-8mm bar spacing and is designed for Syrian hamsters as well as dwarf hamsters and mice from 6-8 weeks of age. The cage comes in an attractive and informative box but we recommend you display at least one cage so customers can fully appreciate the difference in material quality over traditional plastic homes.

Rosewood

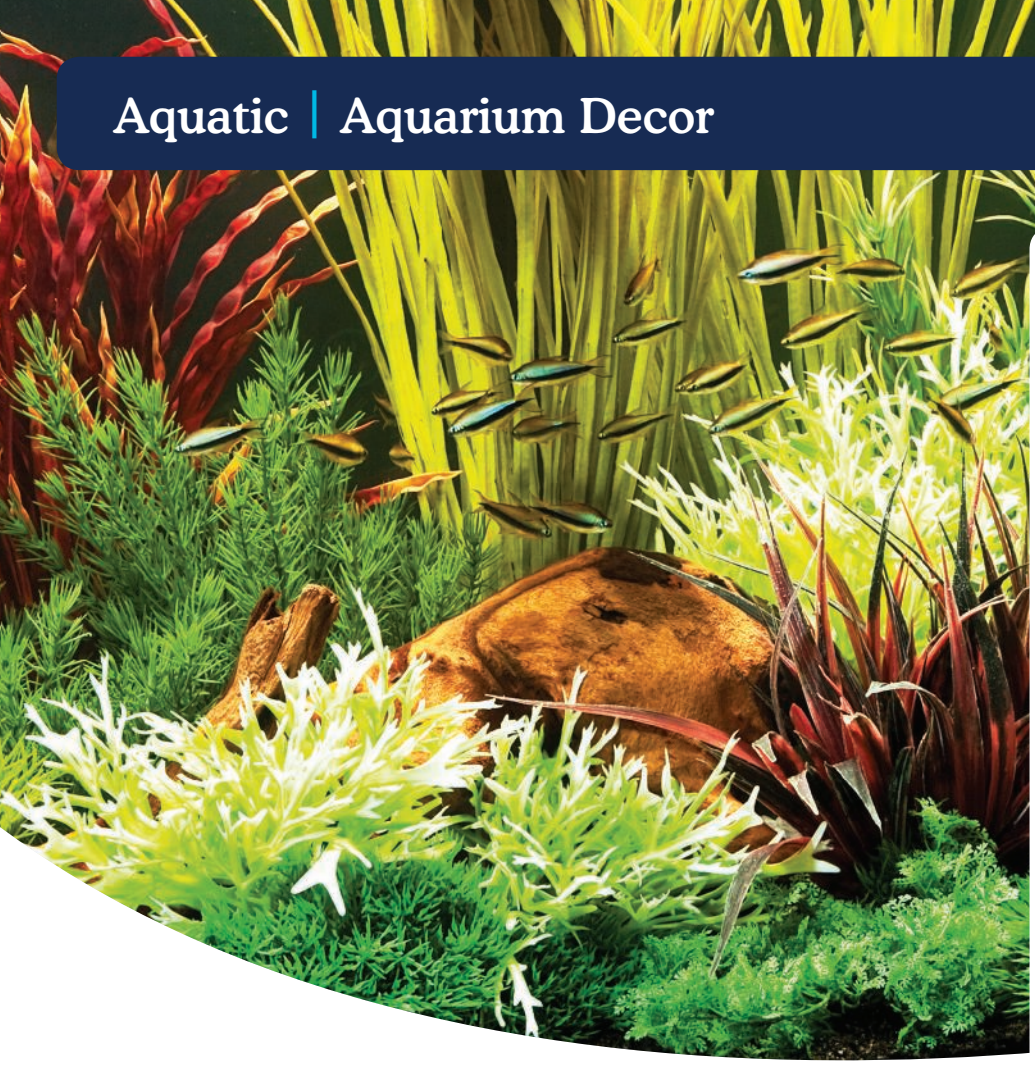
It's a fish thing!

From Pet Bird to Aquatic



Sydeco

Launched in 1985 and still the best looking and best selling of its kind. The Sydeco concept takes the humble plastic plant and creates an ornament with a far greater perceived value. All designs are unique and offer the hobbyist an easy and effective way of creating fantastic displays. For the retailer they are easy to merchandise and as they're self-supporting out of water they are perfect for creating 'dry' aquarium displays to inspire customers leading to increased sales of both decor and aquariums.

Whilst many purists' may still baulk at using plastic plants we've worked hard to introduce more natural, multi-tonal colours and designs. And to prove just how effective Sydeco can be we created the set up you can see across in a 240 l aquarium for a feature on the Rosewood website.

Sydeco is the original and the best, so beware of imitations!

C

D

E

A

The heavy resin bases mean fish cannot disturb the plants and due to their superior 'bulk', compared to traditional plastic plants, they not only look better but it's also quicker and easier to create fantastic aquascapes. To create effective displays consumers need to both be inspired and see a great selection of plants on shelf – so to maximise sales more is definitely better!

Coloured Plants

Sydeco is perfect for small tanks as well as large. Smaller aquariums are growing in popularity, but the down side of this is that they are cheaper, require less equipment and hold fewer fish which means less money in your till. So it's even more important to maximise your customers' spending by encouraging them to 'go to town' on décor so they can create a wonderful aquascape which keeps up their interest and reduces their maintenance and for this Sydeco is perfect! Most first time fishkeepers believe they can only put a few plants in a tank, but displays like our trio of 35 l tanks can help to show them that this doesn't have to be the case.

A	**Nano Fiesta Plants**

Blue Ribbon

Our 78 diverse designs aim to offer you and your customers a one-stop shop for ornaments: we truly believe we have something for everyone.

We work closely with Blue Ribbon's sculptors and designers to create unique, innovative and attractive designs of great quality. Every one is hand painted to a level of detail you won't see anywhere else. And in this case quality doesn't come at a price: just compare our retail prices to those elsewhere and you'll see our ornaments are priced to sell!

We also understand that fishkeepers love ornaments that form caves and have 'swim-throughs', so almost all our designs have these features.

Rock & Wood

Natural rock and wood always looks fantastic in any aquarium, but a lot of people feel more comfortable with a faux version, especially if these designs incorporate 'swim-throughs' and caves; plus they are guaranteed that they won't affect the water chemistry in any way.

Our 3pc Root Cluster can be used as it's supplied, looking like a single ornament, or the three pieces can be separated to produce a great 'mangrove root' effect. The Truck & Root designs are ideal for use together to form a 3-D back drop and our Mopani Wood with Plants are always best sellers.

Fun & Children's

Just because our fun ranges are mainly for children, or the young at heart, it doesn't mean we sacrifice quality of design or attention to detail. Far from it, we put a lot of thought into creating the most appealing and unique designs possible.

We have designs for all ages, including some great action bubblers which look just as good when not connected to an airpump!

Decor Wood & Bogwood

Our graded and cleaned Mopani Wood is responsibly sourced and, with its two-tone colour, makes an ideal decoration in any freshwater aquarium. It's offered in three sizes (typically 0.5kg, 1kg and 3.5kg) with all pieces being tagged with unique water and tear proof tags for easier selling and pricing. Also ideal for reptiles and amphibians.

Meiko

Hi-Tech 800 Air Pump

A great value and reliable pump capable of producing 0.9 litres of air per minute (nominal output at free flow). It is designed to operate a single air-powered filter (undergravel, sponge or box design) in aquariums up to 40 litres. Alternatively it can be used to run a single air stone (up to 10cm long) or a couple of air-operated ornaments in most aquariums to a water depth of 40cm.

Pet Keeper Plastic Tanks

Multi-purpose tanks which can be used to house smaller pets, as holding tanks during cleaning and for transportation. The first three sizes have carry handles, the first four hinged lids and all have secure, ventilated lids with access doors.

Sold in assorted packs of five popular colours, each tank comes with a leaflet which guides consumers on the recommended uses for each size.

Ideal for merchandising in your small animal, reptile and aquatic departments.

Pond Nature Premium Food

Rosewood have sold Pond food for over 40 years and have built up considerable experience in this market. In conjunction with a number of industry experts we have developed the Pond Nature range - a premium recipe food using best quality ingredients to ensure excellent nutrient absorption and low waste.

All packaged in metallised finish re-sealable bags to maintain freshness as well as be easy to use and store.

	5L/750g	6pk	29020

A

High quality flakes for all pond fish.

Pond Nature Pond Flakes are a complete food for all coldwater fish. The flakes have been formulated with high quality ingredients to provide your fish with a balanced diet. The flakes contain essential nutrients, minerals and vitamins to help support a healthy immune system. Pond Flakes are best for smaller fish that feed at all levels.

B

Floating pond pellets for all pond fish.

Pond Nature Pond Pellets are a complete food for all coldwater fish including Koi. The pellets have been formulated with high quality ingredients to provide your fish with a balanced diet. The pellets contain essential nutrients, minerals and vitamins to help support a healthy immune system. The pellets can be easily consumed by all sizes of fish that prefer to feed from the surface of the pond.

C

High quality sticks for koi & all pond fish.

Pond Nature Koi Sticks are a complete food for koi and all coldwater fish. The sticks have been formulated with high quality ingredients to provide your koi with a balanced diet. The sticks contain essential nutrients, minerals and vitamins to help support a healthy immune system. Koi Sticks also contain Spirulina to help enhance colours in koi. The sticks can be easily consumed by all sizes of fish that prefer to feed from the surface of the pond.

D

Floating pond sticks for all pond fish.

Pond Nature Pond Sticks are a complete food for all coldwater fish including koi. The sticks have been formulated with high quality ingredients to provide your fish with a balanced diet. The sticks contain essential nutrients, minerals and vitamins to help support a healthy immune system. The sticks can be easily consumed by all sizes of fish that prefer to feed from the surface of the pond.

The product will shout from the shelf or, if space permits, from our eye-catching free standing display units (FSDUs). These are adjustable and can accommodate your own selection of products and sizes (display size 95cm wide, 55cm deep and 160cm high including header).

As ever we are offering the range at sensible trade prices and good terms. We know the product is good so there is a good opportunity to make money out of selling pond food again.

Evolution Aqua Pure

Pure products are small (or very large in the case of pond bomb!) polymer balls with a jelly-like consistency. Each ball has absorbed various types of beneficial bacteria in their millions and, with enzymes that are also contained within the balls, these are released into the aquarium or pond as the polymer balls gradually dissolve into the water. These bacteria boost the numbers of the ones already found in the biological filter that breakdown the inorganic and toxic ammonia and nitrites. But the main aim of Pure is to breakdown the organic waste that builds up on the aquarium or pond floor and within the filter which can, in some cases, then result in cloudy water.

For best results Pure Aquarium is best used once a week and a single tub will typically last four months when used in a 60 litre aquarium. The Pure Pond is used once a month as required and a single tub will treat up to 10,000 litres. Both products are best used with filters and can help to establish new biological filters.

The Pond Bomb is a supersized version of the Pure balls and can be used in any pond (with or without filtration) to reduce the build up of organic waste and help to clear cloudy water (but not necessarily 'green' water) as well as reducing levels of ammonia and nitrite. The single Pond Bomb treats any sized pond up to 20,000 litres once and is used as required.

From Aquatic to Wild Bird

Rosewood Premium Product

Feeding Time

Deluxe Feeders

The wild bird market is now a year round opportunity for most retailers; plus more people are looking to place a greater number of feeders in their garden. Our Feeding Time range offers you the chance to buy a concise range of bestselling feeder designs and offer your customers unrivalled value and great quality.

Our deluxe feeders use quality materials and look fantastic in any garden. The small sizes have a 20cm fill and can hold seed, peanuts, fat balls and nyjer seed, while the large, for either seed and peanuts, have a 35cm fill.

All four feeder types are supplied in case of three stunning assorted colours: black mica, green mica and brushed bronze. They are all easy to fill and resistant to damage from squirrels. The seed feeders have metal ports and use 1.4mm thick polycarbonate tube while the peanut feeders use 0.9mm thick stainless steel mesh. Hold them in your hands and compare to alternatives at the same price or more and you'll instantly appreciate the difference.

Squirrel Proof Lanterns

Our squirrel proof range is extremely popular due to its incredible value and the fact that more and more people want a feeder that squirrels and larger nuisance birds, like pigeons, cannot feed from or destroy.

The improved closure caps are designed to be secure against squirrels but easy for us and both finishes (black mica and hammered bronze) are durable and look great in the garden.

Seed	6pk	25510
Nut	6pk	25511
Fat Ball	6pk	25512

B

C

Starter Feeders

For those looking for entry price point feeders our starter range is keenly priced but still good quality. For example our seed and nut feeders use stainless steel hangers and our fat ball range uses 2mm thick steel and has a durable powder-coated finish.

A	**Starter Seed Feeder**		
	Small	12pk	25513
	Large	12pk	25514
B	**Starter Nut Feeder**

	Small	16pk	25520
	Large	12pk	25521
	Suet Block Cage Feeder		
		12pk	25522

Feeding Station

Our Feeding Station is great value and attractively boxed (which is important as wild bird products are popular as gifts). It has four hangers, a bird bath/drinker and a mesh feeding tray. The 22mm diameter pole has a high quality hammered bronze finish which looks great with all our feeders. Quick, tool-free assembly to a height of 1.85m (6'1") above the ground.

Antique Lanterns

Your customers will love these metal feeders which are inspired by Victorian lamps. The wire styling allows smaller birds to feed easily (although these feeders are not specifically designed to be squirrel proof) and the built-in tray helps to reduce seed waste and can also be filled with meal worms and scraps. All three types have a lovely antique brushed bronze finish.

A Antique Lantern

Seed	6pk	25527
Nut	6pk	25528
Fat Ball	6pk	25529

Funky Feeders

Lots of garden ornaments and accessories are getting a fashion make-over with an injection of colour, so why not feeders? Our two contemporary colours are complemented by the silver painted wire work which is adorned with dragonfly silhouettes. Perfect for all seasons!

Naturals

Wild Bird Treats

A unique range of nutritious treats: first we have two types of millet coated in energy-rich suet which are ready to hang. Then we have a whole sunflower head full of seeds which is also specially coated in suet and is ready to hang. Finally, we have a clay pot packed with a suet and seed mixture which is ready to hang and challenge clinging birds like blue tits.
